

## Education and Bluebee Pals

Bluebee Pals are dynamic educational technology tools that can help to engage your students and liven your classroom environment while you teach critical academics skills! Simply connect Bluebee Pal to a smart device and bring it to life with your favorite apps and the Bluebee Pals App!

Step 1: Connect our Bluebee Pal to your smart device via Bluetooth connection

\*\*\*\*Visit [www.bluebeepals.com](http://www.bluebeepals.com) for pairing instructions\*\*\*\*

Step 2: Choose an app and watch your Bluebee Pal come alive as it speaks, sings and reads to your students!

Get creative with your Bluebee Pal to increase engagement and bring excitement to the classroom. Educators have used Bluebee Pals to:

| Academic Area              | App   | Activity   |
